

3P Partners Case Study -Tier 1 IATF 1Project

Problem Statement: : Tier 1 Automotive Plant needed to ***raise their customer scorecards***. In order to achieve this, IATF 16949:2016 certification was required to increase the customer scorecards and subsequently ***increase sales in new OEM business***.

Project Description: [**3P Partners**](#) provided Project Manager, Lead and Internal Certified IATF 16949:2016 Auditors to perform the following:

- ***Initializing the creation of Process Maps*** for each area defined in scope of IATF and Customer Specific Requirements.
- ***Internal Audits***
- ***Tracking and assisting closure*** of Corrective and Preventive Actions as result of audit Major and Minor findings which totaled approximately 100.

[**3P Partners**](#) worked with Tier 1 cross functional teams to prepare for 3rd party registrar audit. The 3rd party audit resulted in ***0 Major findings***, at which time ***3P Partners assisted addressing the Corrective and Preventive Actions***, on the Minor findings, in order to submit for closure.

Final Outcome: IATF 16949:2016 ***Certification was granted*** which will increase your customer scorecards and increase in sales in new OEM business for the Tier 1 Automotive Plant.
